Mr. Rene bids adieu to AHSL after 33 years of service.

Snippets from his Diary,

*"I would like to express my sincere gratitude for the opportunity that AHSL has given me to work in KSA and the UAE. This has become a large part of my life both to develop my career and has enabled me to support my family back home. During this period, professional but friendly communication with workmates and clients has also moulded my personality to become appreciative and adaptable to a multi-cultural community. Working in AHSL would mean a chance to learn, while being paid. To benefit fully from this, it requires interest, dedication and honesty. AHSL will always remain in my heart and I wish the company continued success."*

- Rene Sarmiento

**Employee of the Month Award goes to Mr. Thirunavukkarasu Rethinasababathy, for maintaining the gardens, manning the concrete curing tanks and fulfilling job responsibilities with dedication.**
